NAI/MERIN HUNTER CODMAN STRUCTURES ONE OF PALM BEACH COUNTY'S LARGEST TRANSACTIONS OF 2018

-- TherapeuticsMD signs 56,212-square foot lease at 951 Yamato --

West Palm Beach, Fla. – NAI/Merin Hunter Codman, Inc., Palm Beach County's leading commercial real estate services firm, is pleased to announce that it completed one of the largest office lease transactions in Palm Beach County this year with TherapeuticsMD, Inc. (NASDAQ: TXMD). TherapeuticMD, Inc. is an innovative women's healthcare company. Jay M. Grossman, President and Director, and Richard W. Brockney of NAI/Merin Hunter Codman represented the Landlord, 951 Yamato Acquisition Company LLC, an affiliate of Brookwood Financial Partners, LLC. Mollie McDonough, Senior Vice-President of Butters Realty & Management represented the tenant.

The long-time Boca Raton based pharmaceutical firm, TherapeuticsMD, Inc., received three FDA product approvals since May and has outgrown its 32,000-square foot location.

When asked why TherapeuticsMD chose 951 Yamato, Josie Weitzel, Director of Corporate Operations, stated "After two long years of researching facility options in the Palm Beach County area, we finally found a space that will offer an open space floor plan, which will allow for a more cohesive and collaborative environment to meet the needs our current and future staff."

NAI/Merin Hunter Codman President, Jay M. Grossman added, "951 Yamato was well suited for the tenant's need with its large floor plates. In addition, the ability to find large blocks of office space to accommodate headquarter-sized tenants in Boca Raton is diminishing. The few that can be found are priced at the top of the market, located in less convenient areas, and many lack modern, Class-A features and amenities. 951 Yamato recently completed a million-dollar, environmentally friendly property improvement program to ensure that it remained a first-choice for large office space users. With the signing of the TherapeuticsMD lease and other recent leases, the building is now 89% leased."

Current plans are to build-out two additional spec suites, that will be delivered in the first quarter of 2019, and a 2,000-square foot conference center for the use of all 951 Yamato tenants. For more information, contact NAI/Merin Hunter Codman President, Jay M. Grossman, or Director, Richard W. Brockney at 561-394-5200.
